 LONGFOLIA DBL. PINK - Large deep pink; dark, red-backed narrow foliage.

READ CAREFULLY BEFORE ORDERING

I will replace leaves and plants that do not reach you in good condition, if notified immediately. I cannot be responsible for what happens after you receive them however, as I have no control over their growing conditions there. If you lose leaves through propagation (not my fault) I will be glad to replace them free with future orders.

Rooted cuttings will have small plantlets whenever possible. However some varieties root much faster than others and some sell much faster. So it isn't always possible to have cuttings with small plants of all varieties. In case I am out of a variety you order I will either send a well rooted cutting without plantlets or another variety of equal or higher price. Please list a few extras. I will not substitute unless absolutely necessary. If you do not wish a substitute I will hold your order until it can be filled or refund your money.

Include 65¢ with all orders west of the Mississippi and 85¢ with all orders east of the Mississippi to help in packing and postage costs.

I will start shipping about Apr. 15th, or as soon after as the weather permits. I send all orders "Special Handling" and insured unless you request otherwise. Air Mail and Special Delivery are extra on all orders.

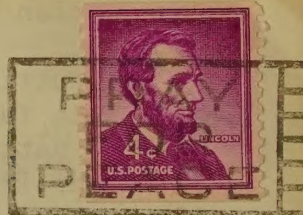

My plants are State inspected and declared free of diseases and insects. Come and see them when you are in Sheridan. Please call first. My phone number is ORchard 4-7317. I sell blooming plants here in my home.

Mrs. James H. Fowler  
651 Graystone  
Sheridan, Wyo.
